

CALLING ALL

Belfast Based Business Women

Friday 23 March 2012
9.30 am – 11.30 am

Building Relationship and Networks to Create Success

*Do you ever wonder why one business rapidly grows and is successful, while the other slowly goes under, when both businesses work equally as hard? **The answer lies in the quality of relationships you can build with others.***

Help your business grow in 2012 – a special networking event for women has been organised in the beautiful Emer Gallery.

Expand your Contact List – create and nurture quality business relationships

Navigate Networking Event - **Anne McAllister** (Momentum Coaching) will share tips which take the pain out of networking and provide you with a simple blueprint that will make sure you can comfortably network any event and leave with more than a handful of business cards and no real result.

Enjoy an exhibition of works by Irish artists including Noel Murphy, whilst meeting other businesswomen in a relaxed atmosphere.

This event will also raise funds for **The Lighthouse Healing Centre**, a co-operative of dynamic and committed women therapists created by **Siobhan Bogues** following a life-changing trip to India.
